

Each funding source and program is tailored to individual vendors. Lincoln Learning's products and services are flexible in grade-level offerings and delivery methods to ensure compliance with federal funding requirements. We collaborate directly with clients to ensure their chosen program(s) align with and adhere to the guidelines of their specific funding sources. SEAs and LEAs may enter into multi-year software agreements with a vendor and pay for licenses provided for up to 4 years after the first commitment.

Empowered Learning		Federal Funding
